

stainless reputation...

A natural choice... the Abode range of Stainless Steel taps are a perfect complement to stainless steel sinks and kitchen appliances. Hygienic and supremely practical they will retain a natural lustre for years.

Standing tall, Ignus provides efficient and effective water flow control whilst co-ordinating superbly with your kitchen sink and appliances.

Propus Single Lever features modern minimalist styling in the form of a slender body and wide-angled spout. Suited perfectly to both sink and worktop mounting.

Elegant and sophisticated,
the Taura is precision
perfect engineering.
A clean smooth quarter
turn operation combined
with a perfectly tapered
slender body create
a product of desire for
any kitchen environment.

Taura

Gino is an ultra modern cubist addition to the stainless steel range, offering stunning good looks with clean minimalist design. The single lever operation allows for efficient usage of flow and control.

Vixo offers original design with a stunning twist! The central control block turns to release cold, warm and then hot water in just a 90-degree twist. For more information on the use of the Vixo, please refer to www.abode.eu

Diagon single lever turns design on its side.

Simple to use and original in its form, Diagon will coordinate perfectly with any stainless steel features in your kitchen scheme.

Arnon provides a three-way supply of hot, cold and filtered water from a single handle.

Combine this with its patented cartridge and Arnon demonstrates that style and ingenuity can harmonise beautifully together.

Axell is a practical pull-out hand spray rinse that will sit alongside any Abode Stainless Steel kitchen mixertap, making a useful and practical addition to any kitchen.

Due to large variations in domestic water pressures, we recommend the use of a pressure reduction valve with all handsprays.
