KOHLER kitchen taps are designed for life, you can count on them to be leak-free and reliable year after year. As tough as they are beautiful, KOHLER taps feature finishes that are 2 x stronger than the industry standard, so they look brand new even after years of use. Aerated stream of water that's great for quickly filling pots and gentle enough to clean delicate berries.

PROBOIL THE BOILERS

Proboil 2X

Refreshingly Smarter

PROBOIL.2X is the next generation in intelligent hot water boilers, offering fast and trouble-free delivery of steaming hot filtered water at the touch of a handle. Fast and simple to install, this model offers a 2-litre stainless steel tank, toolless installation and is an insulated model with low running costs but with quick re-boil times and simple intuitive digital controls.

Proboil 4E

The compact PROBOIL.4E is our latest innovation. This intelligent hot water tank sits neatly under any cabinet, even those with the smallest proportions such as under a Belfast ceramic sink. With a tank capacity of 4 litres this system is perfect for keen cooks or busy households.

HOT WATER TAPS

Please take care when running very hot water into cold ceramic sinks, as this may cause thermal shock and damage the sink.
It is suggested that warm water be run first to avoid such an eventuality

Standard 460 Food Waste Disposer

ISES460 £259.00
Our smallest food waste disposer ideal for small or single person households.

- 0.55 HP induction motor provides maximum grinding power and durability
- Single Stage Grind Technology
- Safe for use with properly maintained septic tanks
- Supplied with power cord and Air Switch in Chrome
- Continuous feed model
- Height 31.2 cm
- Grind chamber capacity 980 ml

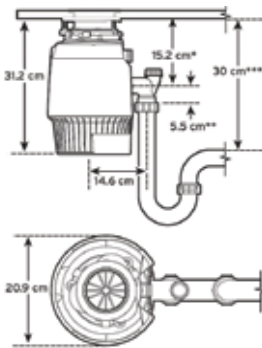

Premium 550 SR Food Waste Disposal

ISEP550 £360.00
550 SR is suitable for small to medium households which produce a moderate volume of food waste.

- 0.55 HP induction motor provides maximum grinding power and durability
- Reduced Sound Technology
- Advance Grind for tough and fibrous food scraps
- 2-stage MultiGrind Technology
- On/off Air Switch Control
- Removable baffle
- Safe for use with properly maintained septic tanks
- Air Switch in Chrome
- Continuous feed
- Height 31.2cm
- Grind chamber capacity 980 ml

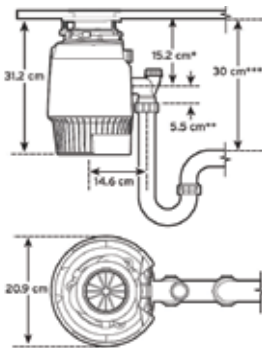

Premium 700 SR Food Waste Disposer

ISEP700 £573.00
The ideal choice of food waste disposal for large households, the premium 700 grinds food scraps quickly, efficiently, and hygienically..

- 0.75 HP induction motor providing maximum grinding power and durability
- Reduced sound technology
- 2-stage MultiGrind, finest grind
- On/off Air Switch Control
- Removable baffle
- Safe for use in properly maintained septic tanks
- Air Switch supplied in Chrome
- Continuous feed model
- Height 31.2 cm
- Grind Chamber Capacity 980 ml

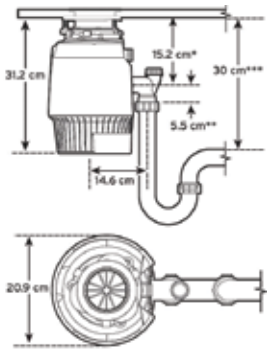

Evolution Plus 750 SR Food Waste Disposer

ISEE750 £703.00

Suited for a household with a large amounts of food waste to dispose of and reducing food waste in your kitchen bin.

- 0.75 HP induction motor provides maximum grinding power and durability
- Quiet SoundSeal Technology
- Advanced Grind for tough and fibrous food scraps

SUNDRY INFORMATION

CARE INSTRUCTIONS

The use of plastic bowls is NOT recommended as scratching of the surface may occur. Small particles of grit or bone may become embedded in the base of the bowl and can rub on the sink surface. A lightweight plastic draining mat can be used to protect the sink base when large trays or saucepans are being cleaned and should be removed after use.

Taps or wastes with a non-tarnish plated finish should only be cleaned with a mild soap solution such as Fairy Liquid or a mild cream like Cif. Neat bleach or strong abrasive cleaners should never be used on any plated products. For this reason we cannot guarantee wastes after they have been fitted. Plated wastes and taps should always be wiped dry with a soft cloth after use.

CARRIAGE CHARGES DELIVERY

Orders under £450 net, requiring a next day delivery either palletised or non-palletised, will incur a small order charge.
Please check with sales office.
Please note a charge will be made if delivery is in a Congestion area or Ultra Low Emissions Zone.

RETURNS

Goods returned must be in the original packaging complete with all templates, fitting instructions and parts. They may be subject to a 15% re-stocking charge.

CERAMIC SINK DIMENSIONS

Due to the firing process, Ceramic Sink dimensions may vary by +/- 2% to 3%.
Please do take this into account when making bespoke furniture.

HOT WATER TAPS

Please take care when running very hot water into cold ceramic sinks, as this may cause thermal shock and damage the sink.
It is suggested that warm water be run first to avoid such an eventuality

SPECIAL ORDERS – COLOURED SINKS/TAPS
IN SPECIAL FINISHES

Whilst the white versions of sink are usually held in stock, the colour options are not. We would advise on checking lead times (these can be 12-16 weeks) and availability prior to placing your order for a coloured sink, or special finish tap.

Once a special order has been placed this cannot be cancelled, and no deposit monies can be refunded.
